In the Final Office Action dated May 1, 2008, the Examiner rejected the pending claims as being anticipated or obvious over “Using Netscape Communicator 4, Special Edition” by Brown et al., alone or in combination with U.S. Patent No. 6,122,657 to Hoffman Jr. et al., the FinePrint documentation, or “Digester: Device-independent access to the World Wide Web” by Bickmore. Applicant believes he is entitled to the claims now presented in view of the cited reference(s), and accordingly requests that the Examiner reconsider the claims now presented in view of the art reference(s) cited in the application. In particular, Applicant submits that none of the cited references, taken singly or in combination, disclose or suggest Applicant’s invention for generating and printing a modified copy of a structured document in accordance with the user-configurable print parameters by modifying the content of the structured document to remove one or more of the elements in accordance with the print option. Accordingly, Applicant respectfully submits that all pending claims are in condition for allowance and requests that a Notice of Allowance be issued.
